Space and Naval Warfare Systems Center Awards Contract

CHARLESTON, S.C. — Computer & Hi-Tech Management of McLean, Virginia, an 8(a) Small Business concern is being awarded a \$5,251,219 Indefinite Delivery, Indefinite Quantity Cost Plus Fixed-Fee contract for Computer and Telecommunications services. These services include activities involving analysis, design, development, installation, deployment, integration, operations, procurement, configuration management, logistics, maintenance and life cycle support functions for various automated information systems for SPAWAR Systems Center Charleston, National Capital Region. Approximately 90 percent of the work covered under this contract will be for non-DOD customers, i.e., Veteran's Administration, Internal Revenue Service, Secret Service, Coast Guard, and Library of Congress. Navy Tactical systems and the Defense Communications Systems for the Naval Computer Telecommunications Area Master Stations (NCTAMS) sites are also covered under this contract. This contract includes options, which, if exercised, would bring the cumulative value of this contract to \$18,568,784. Work will be performed in Washington, D.C., and is expected to be completed by January 2004. Contract funds, Operations, Maintenance & Navy funds, will not expire at the end of the current fiscal year. FMS services are not covered under this proposed contract. This contract was competitively procured with an unlimited number of proposals solicited and three offers received via the SPAWAR Systems Center Charleston E-commerce web site. The SPAWAR Systems Center Charleston is the contracting activity (N65236-01-D-6818).
